PETITIONS AND MEMORIALS.

Senator Yett presented the following petition:

Marble Falls, Texas, August 14, 1901.

Messrs. W. D. Yett and D. W. Phillips, Austin, Texas.

GENTLEMEN: We notice that the Committee on Representative Districts have recommended that Burnet county be put in a district with Williamson county, and that Lampasas, Mills and San Saba be put in another district. Since Lampasas and Burnet have an identity of interest and since we do not desire to be placed with so large a county as Williamson where we would have practically no voice in naming a Representative, we desire to be left in our old district, and if necessary attach western counties of equal size and identity of interest.

We would desire such a district as Burnet, Lampasas and Blanco; or Burnet, Lampasas and San Saba; and if this is impracticable, and it becomes necessary to separate Burnet and Lampasas (which we hope will not be the case) we would desire to be placed with Llano and Blanco, making a district of the following counties: Burnet, Llano and Blanco, or, in default of this, give us Burnet, Llano and San Saba.

Realizing that you appreciate the significance of being placed with Williamson county, and assuring you that this letter voices the sentiments of the citizens of Burnet county, we are,

Geo. Christian, J. E. Crisp, J. O. Roper and others.

The President Pro Tempore here declared the morning call concluded.

Resolved, That the Senate of Texas emphasize the invitation extended by the Southern Industrial Association aforesaid and urge the custodians of said liberty bell to make a visit with the same through Texas.

SUBSTITUTE SENATE BILL NO. 4
(CONGRESSIONAL BILL)—REA-
SONS FOR VOTES.

"I vote 'no' because the bill does not

comply with the law, for no regard is had for population, there being a difference of nearly 100,000 population between smallest and largest district. Neither are the districts as arranged compact or homogeneous.

"PAULUS."

"I vote 'no' on Senate bill No. 4 because, when I see one district with only 143,045 and one with 239,886 population and also see the long shoestring districts and notice the Senate vote down just and proper amendments, I believe that the hand of the politician and not the will of the people has largely shaped this bill, and I do not believe the bill conforms to the spirit or intention of the Constitution.

"PATTERSON."

"I vote 'no' for the reasons set out in a memorial from the citizens of Nueces county set out in full in yesterday's Record, and for the further reason that the formation of several of the districts is violative of the act of Congress in the premises.

"TURNER."

to draw his warrant in favor of the owner upon the Treasurer of the State for the amount due upon such bond, certificate or other evidence of indebtedness, as said amount is defined and determined and provided for by said Act of Congress, approved February 28, 1855, and said Act of the Legislature of this State, approved February 1, 1856; no interest shall be paid on any bond, note, certificate or other evidence of indebtedness for any period subsequent to February 1, 1856.....\$2,500

Sec. 2. All buildings for the equipment and erection of which appropriations have been made under this act and all improvements of and repairing of public buildings shall be erected and made under the direction of competent architects, who shall be selected and appointed by the Governor and whose fees shall be deducted from the respective appropriation made for such purposes; and it shall be unlawful for the Comptroller of Public Accounts to issue any warrants on the treasury, and for the Treasurer to pay any such warrants for the erection of any of the public buildings herein provided for, or for any such improvement of or repairing to any public buildings, except upon an itemized statement of such expenditures approved by the Governor with his written approval thereon; which itemized statement shall be filed and kept by the Comptroller for public inspection; and provided further, that a duplicate certified copy of the plans, specifications and estimates used in the erection or improvements of any such buildings shall be filed with and kept by the Secretary of State in his office for public inspection; and provided further, that any appropriation made under this act for the erection of new buildings and improvement of old buildings and the purchase of machinery and equipments shall be withheld by the Governor, if in his opinion the condition of the treasury will not warrant the expenditure of any such sum or sums.

Sec. 3. Provided, however, that with the exception of the appropriation made for the account of the State Penitentiary and Assistant Attorney General, that the

Comptroller of Public Accounts is hereby instructed to draw no warrant against any appropriation made for the various State institutions and departments of this State, unless an itemized statement under oath be filed as a voucher in the office of said Comptroller.

Sec. 4. Provided further, that in each and every case where an appropriation is made under this act for a less sum than that provided for in the statute, the Governor shall notify any such officer that the appropriation made in payment of his salary is less than that provided for by statute and that his continuation in office shall be construed as an acceptance of the sum appropriated in full payment of his salary.

Sec. 5. The fact that the near approach of the close of this session of the Legislature and the fact that this bill provides for the erection and repair of many public buildings that are urgently needed, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and the same is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.
